

MARYLAND DEPARTMENT OF HEALTH
Medicaid Pharmacy Program

ADVISORY

No. 191

December 18, 2018

Maryland's Preferred Drug List - January 1, 2019

Generic vs. Brand Status on Maryland's Preferred Drug List

Maryland Medicaid's Preferred Drug List (PDL), encompassing over 1800 drugs, covers most of the generic versions of preferred multisource brand drugs without any type of prior authorization. If the prescription for a brand name drug is to be dispensed as written, the prescriber must complete and submit a Medwatch form

(<https://mmcp.health.maryland.gov/pap/docs/Maryland%20Medwatch%20Form.pdf>). The State's clinical pharmacy team will review the Medwatch form and notify the prescriber whether the request for the brand name drug was approved or denied. The State will forward the Medwatch form to the FDA when appropriate.

The Maryland Medicaid Pharmacy Program (MMPP) wants to alert you to changes in the exceptions to this rule that are included in the attached updated Preferred Drug List, **effective January 1, 2019**. **Brand Trileptal® Suspension is no longer preferred over its generic (oxcarbazepine suspension).**

Please refer to our website for a complete list of the PDL at the following link:
<https://mmcp.health.maryland.gov/pap/pages/Preferred-Drug-List.aspx>

In an effort to give timely notice to the pharmacy community concerning important pharmacy topics, the Maryland Department of Health (MDH), **Maryland Medicaid Pharmacy Program (MMPP)** has developed the **Maryland Medicaid Pharmacy Program Advisory**.

To expedite information timely to the pharmacy and prescriber communities, an email network has been established which incorporates the email lists of the Maryland Pharmacists Association, EPIC, CARE, Long Term Care Consultants, headquarters of all chain drugstores and prescriber associations and organizations.

It is our hope that the information is disseminated to all interested parties. If you have not received this email through any of the previously noted parties or via MDH, please contact the MMPP representative at 410-767-1455.

Not All Generics are Preferred

In order for the State to enhance the benefit of the PDL, in some instances the multisource brand name drug is Preferred over its generic equivalent, because the branded drug is less costly than its generic counterpart. This happens most often in cases of newly released generics. When manufacturer rebates are taken into consideration, the brand name drug has a lower net cost to the State. When the brand name drug is Preferred, no Medwatch nor authorization is needed¹. Enter a **DAW code of 6** on the claim to have it correctly priced. If any problems are encountered during the on-line claim adjudication of Preferred Brands, contact Conduent's 24-hour Help Desk at 800-932-3918 for additional system overrides related to the use of the correct DAW code (For example, when there is other insurance). Please maintain this Advisory as a reference in addition to any updates that follow.

The Brand Preferred exceptions are as follows:

Preferred Brands

Adderall XR
Alphagan P 0.15%
Androgel topical packets and pump
Copaxone 20mg/ml
Catapres TTS
Cellcept Oral Suspension
Differin cream
Focalin
Focalin XR
Gabitril
Kapvay ER
Kitabis Pak
Methylin Oral Solution
Parnate
Prevacid Solutabs ODT
Pulmicort Respules (all strengths)
Sabril Powder Packet²
Tegretol suspension

Non-Preferred Generics

amphetamine salt combo ER
brimonidine 0.15%
testosterone topical packets and pump
glatiramer acetate (Glatopa)
clonidine patches
mycophenolate mofetil oral suspension
adapalene cream
dexmethylphenidate
dexmethylphenidate XR
tiagabine
clonidine ER
tobramycin pak
methylphenidate oral solution
tranylcypromine
lansoprazole ODT
budesonide inhalation suspension
vigabatrin powder packet²
carbamazepine suspension

In the following instances, both the multisource brand and the generic are preferred:

Brand also Preferred (no MedWatch form required)

Suboxone film
Tamiflu capsule and suspension

Preferred generics

buprenorphine/naloxone film
oseltamivir capsule and suspension

¹ Unless the Program has established clinical criteria for the drug. Clinical Criteria can be found by going to the below link: <https://mmcp.health.maryland.gov/pap/Pages/Clinical-Criteria.aspx>

² Is a non-preferred drug and will require a prior authorization by the prescriber

Medicaid Preferred Drug List

Effective Date: 1/1/2019

Only drugs that are part of the listed therapeutic categories are affected by the Medicaid Preferred Drug List (PDL). Therapeutic categories not listed here are not part of the PDL and will continue to be covered as they always have for Maryland Medicaid participants.

Note: Brand names listed in parentheses are only listed as a reference. For most multi-source products, the generic products are usually preferred and the branded innovator product is non-preferred. If a generic product is non-preferred, the corresponding brand product is also non-preferred except where specifically noted as “(*generic only*)”. PDL products that are new to market require prior authorization until they are reviewed. Changes in the Preferred Drug List are highlighted in yellow.

ANALGESICS

Drug Class	Preferred	Requires Prior Authorization
Analgesics, Narcotics (Long Acting) All drugs in this class are subject to review through the Opioid Drug Utilization Review Program .	fentanyl patches (All strengths except 37.5 mcg, 62.5 mcg, and 87.5 mcg) ^{cc,ql} morphine sulfate SR (MS Contin) ^{ql} Embeda	<i>buprenorphine patch (Butrans)^{ql}</i> <i>fentanyl 37.5 mcg, 62.5 mcg, and 87.5 mcg patches^{cc,ql}</i> <i>hydromorphone ER (Exalgo)^{ql}</i> <i>methadone (Dolophine)^{ql}</i> <i>morphine sulfate ER (Avinza)^{ql}</i> <i>morphine sulfate ER (Kadian)^{ql}</i> <i>oxycodone ER (Oxycontin)^{ql}</i> <i>oxymorphone ER (Opana ER)^{ql}</i> <i>tramadol ER (Conzip, Ryzolt, Ultram ER)^{ql}</i> <i>Arymo ER</i> <i>Belbuca^{ql}</i> <i>Hysingla ER^{cc,ql}</i> <i>Morphabond ER</i> <i>Nucynta ER^{ql}</i> <i>Xtampza ER</i> <i>Zohydro ER^{cc,ql}</i>
